Concentration Computer Science Program

Competencies, Subjects and Conditions

To focus and shape your competencies to face the Global Employability

VISION School of Computer Science

People Innovation Excellence "Becoming a world class school in computer science, mathematics and statistics in continuous pursuit of graduate excellence, champion in innovation and international standard in the world of creative industry".

- To educate students fundamental to advance knowledge, skill and practice in computer algorithm development, computational mathematics and statistics by providing an excellent learning environment and promoting research and collaboration with global industry
- To provide creative professional services with emphasis in application of knowledge in terms of society development
- To share application of knowledge related to computer science, mathematics and statistics for Indonesian and international community quality of life improvement

People Innovation Excellence

- To promote students & lecturers to be creative and value-adding talents in computer science, mathematics and statistics by creating suitable environment in order to be able to compete in international level
- To prepare students for becoming smart and good professionals leaders and entrepreneurs in global market or for continuing in advanced studies

Computer Science (ACM Curricula 2005)

School of Computer Science

People Innovation Excellence

> Fredy Purnomo, S.Kom., M.Kom. Dean of School of Computer Science

Dr. Derwin Suhartono, S.Kom., M.T.I. Head of Computer Science Program

Computer Science Program CCC

Yulyani Arifin, S.Kom., M.M. **CCC** Interactive Multimedia

Bayu Kanigoro, S.Kom., M.T. **CCC** Networking

Dewi Suryani, S.Kom., M.Eng. **CCC** Database Technology

Meiliana, S.Kom., MSc. CCC Software Engineering

Novita Hanafiah, S.Kom., MSc. **CCC** Intelligent Systems

Curriculum Structure

CONCENTRATION SOFTWARE ENGINEERING

BINUS

UNIVERSITY

It applies both computer science and engineering principles and practices to the creation, operation, and maintenance of software

What to Learn

Pe Inr

Ex

Various techniques in software engineering methodology and complex software architecture

Software Engineering

SUBJECTS

- Code Reengineering
- Agile Software Development
- Pattern Software Design

People Innovat Excelle

- Object Oriented Analysis & Design
- Framework Layer Architecture

Research Topics

Medical Record System

Prospective Careers

Management

- Chief Technology
 Officer
- Chief Information Officer
- IT Consultant

System Development

- Project Manager
- Systems Analyst
- Systems Administrator
- Systems
 Programmer
- Applications Programmer

Web Specialist

- Web Designer
- Web Programmer
- Web Administrator

Scientist

- Lecturer / Trainer
- Researcher

CONCENTRATION INTELLIGENT SYSTEM

Intelligent System

Artificial Intelligence

BINUS

UNIVERSITY

a machine with an embedded, Internet-connected computer with capacity to gather, analyze data and communicate with other system

What to Learn

Pe

Inr

Ex

Various techniques to make intelligent systems such as algorithms, methods, and problem solving cases

Intelligent System

SUBJECTS

- Natural Language Processing
- Expert Systems
- Computer Vision C++ library OpenCV, FLTK

People Innovat Excelle

- Artificial Neural Network
- Artificial Intelligence in Games

Research Topics

- co-reference resolution
- discourse analysis
- machine translation
- etc

Peopl Innova Excelle

Natural Language Processing

Expert System

- truth maintenance
- hypothetical reasoning
- fuzzy logic
- ontology classification
- etc

- Function approximation or regression analysis
- Data processing
- Game-playing and decision making

• etc

Artificial Neural Network

Congklak

Storage locker

Chord recognizer

Document Summarizer

Prospective Careers

Management

- Chief Technology Officer
- Chief Information Officer

Peor

Inno

Exce

• IT Consultant

Intelligence System Development

 Intelligence System Developer

Scientist

- Lecturer / Trainer
- Researcher

CONCENTRATION INTERACTIVE MULTIMEDIA

Interactive Multimedia

Multimedia System

BINUS

UNIVERSITY

Digital integration of text, image, video, audio and animation which user can control when, how and what content to be viewed

What to Learn :

ability to manipulate multimediabased applications and able to create various multimedia applications such as games, computer-assisted instruction, information kiosk, etc.

- Computer-Assisted-Instruction (CAI) Apps
- Published on Windows Store
- The winner of
 HACKATHON 2013

ANIMOCLOPEDIA

Animal Guess

Poka-Poka

MonstaMania

Interactive Multimedia

SUBJECTS

- Game Design
- Computer Graphic
- Multimedia Programming Foundation

People Innovatio Excelle

- User Experience
- Game Programming

Research Topics

- multimedia content analysis
- content-based multimedia retrieval
- multimedia security
- audio / image / video processing, compression
- etc

Innova

Excell

Multimedia Processing and Coding Multimedia System Support and Networking

- multimedia communication
- multimedia streaming

- hypermedia systems
- user interfaces
- authoring systems
- multimedia interaction
- multimedia integration

Multimedia Tools, End Systems, and Applications

Prospective Careers

Management

• Chief Technology Officer

Chief Information Officer

CONCENTRATION DATABASE TECHNOLOGY & APPLIED DATABASE

Database Technology & Applied Database

Data Base System

A shared, integrated computer structure that stores a collection of end user data and meta data

What to Learn

People Innovation Excellence DBT - Methodology, database design, technology, and how to design, implement, and supervised database which are needed by organization

App DB - Explore various technologies and development of database System(ORACLE)

Database Technology

Database Technology

- Database Design
- Object-Oriented Database
- Data Warehouse
- Geographical Information System (GIS)

People Innovation Excellence

- Database Administration
- Data Mining

Applied Database

- Applied Database I
- Geographical Information System (GIS)
- Database Design
- Applied Database II
- Applied Database III

- IT Consultant

People Innovation Excellence

Database Specialist

- Database Designer
- Database
 Programmer
- Database Administrator
- GIS Specialist

Scientist

- Lecturer / Trainer
- Researcher

Applied Database Pre-Requisite

Majors

People Innovation Excellence • Computer Science or Information System

Conditions :

- TOEFL >= 500
- GPA >= 3,25 (GPA of 2nd semester)
- Algorithm & Programming = A
- Capacity : 2 classes @ 30 students
- If the capacity cannot hold the number of students who choose Applied Database, students will be ranked by the score of Algorithm & Programming subjects
- If you meet the pre-requisite, however you're score for pre-requisite subjects are out of rank, then you will go for your 2nd priority of concentration

CONCENTRATION NETWORKING

APPLIED NETWORKING

8

Networking & Applied Networking

BINUS

UNIVERSITY

developing network based application, designing, and management

What to Learn

NW - network based application development, designing, implementing, and properly managing computer network in an organization

App NW - Explore network technology which based on CISCO technology and equipment

Networking & Applied Networking

Networking

- Network Design
- Network Programming
- Linux Operating System
- Server Technology
- Popular Network
 - Technology

Applied Networking

- Applied Networking I
- Network Design
- Network Programming
- Applied Networking II
- Applied Networking III

Research Topics

 network protocols, Internet, operating systems, servers and clients, quality of services (QoS), and databases to support multimedia based contents

Pecol

Innovation

Excellence

Multimedia System Support and Networking

Network based Application

- Client-Server network socket programming
- Peer-to-Peer network socket programming

 network of objects such as household appliances

digital controllers

Embedded System and Internet of Thing

NETWORK TOPOLOGY GENERATOR AND DEVICE SECURITY ASSESSMENT ON ANDROID MOBILE DEVICE

Students Projects

AUTOMATIC SYNCHRONIZATION FOR LECTURER STATUS USING RASPBERRY PI THROUGH FACEBOOK GRAPH PI

People Innovation Excellence

TELEPRESENCE ROBOT

Prospective Careers

Management

- Chief Technology Officer
- Chief
 Information
 Officer
- IT Consultant

Network Specialist

- Networks Designer
- Networks Administrator

Network Specialist (CISCO)

- Networks Designer
- Networks
 Administrator

Scientist

- Lecturer / Trainer
- Researcher

Networking Pre-Requisite

Majors

Conditions :

Algorithm & Programming (COMP6047) >= A-

• Capacity : 1 ALS @ 60 students / class, 3 KMG @ 70 students / class

• If the capacity cannot hold the number of students who choose People Innovation Networking, students will be ranked by the score of Algorithm & Programming subjects

• If you meet the pre-requisite, however you're score for pre-requisite subjects are out of rank, then you will go for your 2nd priority of concentration

Applied Networking Pre-Requisite

Majors

CS or CE

Conditions:

- TOEFL >= 500
- IPK >= 3,25 (IPK semester 2)
- Algorithm & Programming = A
- Capacity : 2 classes @ 24 students

People

- Innovation Excellence If the capacity cannot hold the number of students who choose Applied Networking, students will be ranked by the score of Algorithm & **Programming subjects**
 - If you meet the pre-requisite, however you're score for pre-requisite subjects are out of rank, then you will go for your 2nd priority of concentration

People

Applied Networking

You can take Applied Networking concentration at **BINUS Center (of** course with your own cost) / choose another concentration

SKS Fee for Applied DB & Applied NW

5	Subje	cts	Execution Sk	A (S	cknowledge SKS	d
	Applied DB	/NT - 1	0/8		0/4	
	Applied DB	/NT - 2	0/8		0/4	
	Applied DB	/NT - 3	0/8		0/4	
People Innovat	Total		24		12	
Spe cha nur	ecial SKS fee will be applied and rged based on the nber of Execution SKS		Special SKS Fee = Normal SKS fee + Additional Cost		Only those 3 subj will be charged w special SKS Fe	ects vith e

of Class

Unlimited Number of Class Concentration

- Software Engineering
- Database Technology
- Intelligence System
- Interactive Multimedia

- @ 70 students / class (for Alsut 60)
- @ 70 students / class (for Alsut 60)
- @ 70 students / class (for Alsut 60)
- @ 70 students / class (for Alsut 60)

Limited Number of Class Concentration

People Innovation

- Innovation Excellence • Networking
 - Applied Networking
 - Applied Database

4 classes (1 ALS @ 60 students / class, 3 KMG @ 70 students / class). 2 classes @ 24 students / class 2 classes @ 30 students / class

Class Capacity

	Program	Capacity	Notes
5	Regular - Kemanggisan	Mins 30 students / class	-
People	Regular - Alam Sutera	Mins 20 students / class	If the number of students choosing the concentration is less than minimal capacity Option 1 : choose other
Innova Excell			concentration OR Option 2 : join the concentration at Kemanggisan Campus or will be arranged by HoP

You will choose 2 concentrations as your concentration priorities. Choose wisely, since it will determine your future. Students that are not accepted in their first priority, will be considered to be accepted in their **second priority**, but still People considering the capacity of the class and Innovation Excellence pre-requisite subject grade (if any)

 Students who decide not to choose any concentrations, then their concentration will be determined by HoP by considering the pre-requisite subject grades and class capacity

Excellence

Peope If there are any other things have not been mentioned above, the concentration of the student will be determined by HoP

NOTES FOR MASTER TRACK

There are 3 concentrations available for Master Track Students:

Database Technology	
Intelligence System	min 10 students / class
Networking	

People Innovation Excellence

Concentration Selection Procedure

Selection

Priority Option + Pre-Requisite Subject Score (if any)

People Innovation Excellence

Session Concentration

Date	Time	Concentration	Room
Friday, 5 th October 2018	15.20 – 17.00	Interactive Multimedia	501
Monday, 8 th October 2018	09.20 - 11.00	Database / Applied Database	Aula Lt. 8
Tuesday, 9 th October 2018	09.20 - 11.00	Software Engineering	K1E
Tuesday, 9 th October 2018	15.20 – 17.00	Artificial Intelligent	КЗА-В
Wednesday, 10 th October 2018	15.20 – 17.00	Network / Applied Network	КЗА-В
