

INTERNSHIP WITH ERICSSON INDONESIA

BUILD YOUR BRIGHT FUTURE SINCE THE BEGINNING

Ericsson Indonesia Invites Young and Talented Students to Join ERICSSON 2017 INTERNSHIP Programs, based in Jakarta – Indonesia.

You will be exposed to real working experiences, having exceptional opportunity to broaden your knowledge in the Telecommunication industry.

Internship vacancies are available for some roles under Network Operations & Network Solutions Units as Network Engineer, Integration Engineer, Customer Network Support Engineer, Project Planner, Solution Architect, and Strategy Analyst. You will be assigned a mentor who supports you to be successful in the program. Also, you will be receiving compensation for your works and will receive certificate of completion.

What are the requirements?

- > Minimum at 3rd year of study – undergraduate students.
- > The length of program is 2-3 months, starting from July 3, 2017.
- > Minimum GPA of 3.0, posses ability to work in a team indicated by leadership experiences, good English & communication skills and pass the screening interviews.
- > Participants of Ericsson Smartnovation Indonesia Hackathon 2017 are prioritized.

How to apply?

- > Submit application thru Ericsson career portal : <https://www.ericsson.com/en/careers>
- > Select one of the job requisitions # 176525, 197683, 198313, 198315, 198319, 198430, 198489, 198492, 199949, 200525, and 200770
- > Opening is closed on June 13, 2017. Selected candidates will be informed for the next steps via email.
